## ANNOUNCEMENTS.

### For Sheriff.

I hereby announce myself as a candidate for the office of SHERIFF of the County of Yuma, at the approaching November election.

H. E. LINDSEY.

**FAST TRIP.**—The steamer Cocopah, Capt. J. Mellon, which left here for Mohave on Wednesday, the 19th, returned on Monday, the 24th, making the round trip, including stoppages, etc., in five days. This is the fastest run to Mohave and back ever made on the Colorado river.

**PERSONAL.**—Judge T. J. Bidwell arrived in town from Ehrenberg on Monday last, on the Cocopah. Considering the report that the Judge is about to be united in the holy bonds of matrimony to a young and interesting lady, he looks remarkably well.

Potatoes, \$2 50 per 100, at Baker's.

**QUERY.**—The last term of the District Court, Judge Isham Reavis, presiding, was adjourned to July 1st. Can some one tell us why it is that that adjournment is ignored by Judge Porter, the present incumbent?

**PROBATE COURT.**—The July term of the Probate Court, T. J. Bidwell, Judge, will open on Monday next. The amount of business to be transacted before this Court during this term is not small.

**BOARD OF SUPERVISORS.**—The Board of Supervisors will meet in regular session on Monday next. The Board, during this session, will also meet as a Board of Equalization.

**FOR SHIPMENT.**—There are at Port Isabel, awaiting shipment to San Francisco per steamer Newbern, 700 hides and 92 tons ore.

## Team Departures.

D. Neahr, during the present week, dispatched the following teams with Government and citizen freight, to-wit: Jesus Molino, for McDowell and way stations; A. Bossung, for McDowell and way stations, and a pack train for the Laguna Mines, with provisions and mining implements for the miners.

**BUSINESS.**—During the present week our streets were crowded nearly every day with wagons going out and coming in. The firm of Wm. B. Hooper & Co., for its share, shipped over 100 tons of both Government and citizen freight for Tucson, Apache Pass, McDowell and Grant.

**THE RIVER.**—The Colorado river, after having fallen so as to permit pedestrians to walk, dry-footed, where eight or ten days previous a person could swim, has taken another rise, and again we are put under the necessity of building bridges to cross from Gila street to the principal portion of town. River sharps, however, say that this rise will not last over two or three days.

Since writing the above, the river commenced falling again, and has gone down to where it was just before the second rise. Our river sharps were correct.

**GONE EAST.**—Mrs. DeForest Porter, the wife of our worthy District Judge, left on the Cocopah last Thursday, accompanied by the Judge, for Port Isabel, there to await the departure of the steamer Newbern for San Francisco, from whence she goes to New York by the overland route, to spend the summer. The Judge will be back among us in a few weeks.

Capt. Taylor, of the 5th Cavalry, accompanied by his wife, and Lieut. Edgerton, of the same regiment, also left on the Cocopah, en route East.

We have before us the first number of the American Press, a monthly Journal devoted to the interests of advertisers and publishers, by Walter F. Dwight & Co. publishers, Detroit, Mich. Subscription, \$1 per year. The Press is a lively and readable paper, and we add its name to our exchange list with pleasure.

**TO RE-OPEN.**—The Colorado Hotel, Wm. King, proprietor, will resume business on the 1st of July.

## River News.

The Cocopah, from Mohave, arrived here on Monday morning, with a small lot of ore. She left for Port Isabel last Thursday, at daylight.

The schooner Alice Haake left San Francisco for Port Isabel, with full cargo, on the 19th.

The steamer Newbern is announced to leave San Francisco for Port Isabel to-day.

**ON THE WAR PATH.**—A dispute arose between two squaws yesterday afternoon as to the right of possession of a certain buck. It seems that one of them had captivated and enticed the husband of the other from the path of virtue, and the "married" one was determined to rescue her "lost" lord, and, to accomplish this end, drew a long knife as an argument, whereupon the seductress relinquished her claim and took refuge in a store on Main street.

**CELEBRATION.**—Our Mexican population, last Monday, celebrated St. John's day in grand old style. In the forenoon religious service was held; in the afternoon horse-racing and cock-fighting were the amusements participated in, and in the evening dancing commenced, which continued till the "wee sma' hours."

Merchandise was sold at Baker's for Sonora.

**ARRESTED.**—Ramona Aguilar alias Negueritta, whose doings was published in the SENTINEL of the 15th inst., was arrested yesterday on a charge of exhibiting a deadly weapon in a rude, angry and threatening manner. The dark-eyed Senorita will be appropriately disposed of to-day.

**THE WEATHER.**—The weather for the past week has been very pleasant—the thermometer not reaching over 100° in the shade.

The notice published by A. J. Finlay, Agent for the C. S. N. Co., will be found under the head "New Advertisements."

**THANKS.**—To Delegate R. C. McCormick we are again placed under obligations for "pub. docs."

A dispatch from San Francisco, dated June 24th say:

The accident on the Grand Trunk Railway, which occurred a few days ago in Canada, proves to be far more dreadful than at first reported. The engine jumped the track, and the smoking car and second class car telescoped, leaving them on top the engine exposed to the escaping steam. The poor creatures were helplessly suspended in that position for some time, being literally boiled. Sixty-five passengers were horribly scalded, of whom ten have since died, and others are dying hourly. It is estimated that not more than one out of seven can recover.

We have seen men present at the bar of the Police Court with faces beautifully Dolly Vardenized by the masterly efforts of the "cops," and yet they live and move and have their whisky as usual.
